### ENDNOTES:

(\*) Member is responsible for paying 100% of charges that exceed Usual, Customary and Reasonable Rates. "Usual, Customary and Reasonable rates" means health care services, medical supplies and payment rates for health care services provided by a health care practitioner at or near the median rate paid for similar health care services within a surrounding geographic area where the charges were incurred. Surrounding geographic area may be determined by the type of service and access to that service in the geographic area.

- (1) Deductible must be met before benefit payments are made, unless otherwise noted. Additionally, the In-network and Out-of-Network deductibles are separate. Payments to In-network services contribute to the In-Network deductible only. Payments made to Out-of-Network services contribute to the Out-of-Network deductible only. Rx deductible is separate from the In-network and Out-of-Network deductibles.
- (2) After a member reaches the applicable out-of-pocket limit, Plan pays 100% of most of the covered In-network and Out-of-Network charges. Please refer to your EOC for details. The In-network and Out-of-Network maximums are separate. Payments to In-Network services contribute to the In-Network maximum only. Payments made to Out-of-Network services contribute to the Out-of-Network maximum only.
- (3) The Patient Protection and Affordable Care Act requires health plans to cover specific Preventive Care Services at no cost to our members when the services are provided by an In-Network Participating Provider. Though these specific services are covered at no charge, the provider may charge a co-payment for other services provided during the office visit. If you have questions regarding the Preventive Care Services that are covered under your plan or your cost for these services, please contact the Lovelace Customer Care Center.
- (4) Out-of-Network, Non-Urgent Care or Non-Emergent Services are subject to deductible and coinsurance.
- (5) These services must be Medically Necessary as defined by your Evidence of Coverage.
- (6) These services must be Medically Necessary as defined by your Evidence of Coverage. Services must be provided by an audiologist, hearing aid dispenser or physician. Coverage is limited up to age 21.
- (7) These services have maximum day or visit limitations. Total numbers of visits/days is combined and cross accumulates by service type and by provider/facility type (In-Network and/or Out-of-Network provider/facility).
- (8) The Lifetime Maximum benefit of \$7,500 is a combined maximum including services provided by In-Network and/or Out-of-Network providers/facilities.

## When it Comes To Your Health, We've Got You Covered

Emergency Health Services are covered wherever you go, World-Wide, 24 hours a day, 7 days a week.

EMERGENCY HEALTH SERVICES are those services required to treat an accidental injury or the sudden onset of what reasonably appears to be a medical condition that manifests itself by symptoms of sufficient severity, including severe pain, that the absence of immediate medical attention could be expected by a reasonable layperson to result in jeopardy to a person's health, serious impairment of bodily functions, serious dysfunction of a bodily organ or part or disfigurement to a person.

Emergencies can vary widely. Some examples of medical emergencies are:

- Possible heart attack (severe chest pain or pressure)

- Uncontrollable bleeding
- Confusion or loss of consciousness, especially after a head injury
- Severe shortness of breath or difficulty breathing
- Severe or multiple injuries, including obvious fractures

If faced with a life-threatening emergency, always seek immediate care. Emergency rooms are highly specialized health care facilities. Go to the emergency room only for true emergencies, not for routine ailments or for convenience.

Inpatient hospitalization for any Emergency Service requires notification to Lovelace Insurance Company within 48 hours of admission.
